**Notes**

- Mishnayos lists can be obtained at <http://www.lzechernishmas.com/>
- In Nassau county, the police will lock down the apartment of a person who lives alone if the individual dies of anything less than old age (even a young person who dies of disease). The family should be told to remove any items they might need (wills, valuables), before this occurs.
- Individuals who have parents with a long term medical condition where the shul family might need help with meals should look into mealtrain.com.
